4.25oz (120.49gm) - screw/fez cap

The dexterity of the metal tube with the screw/fez style cap has been the surgeon’s choice for generations; the cap easily pierces the seal making its use on demand. NDC#: 00281-0205-36

2oz (56.7gm) - screw/fez cap

The dexterity of the metal tube with the screw/fez style cap has been the surgeon’s choice for generations; the cap easily pierces the seal making its use on demand. NDC#: 00281-0205-02

5gm Tube - (Metal - Elongated Tip)

The single use perspective has always been a design concept of the Surgilube® portfolio; the elongated tip 5gm tube was the precursor to the FoilPac® Attending to the demand of the medical community made this another surgeon’s choice; the cap easily snaps off for single handed use. NDC #: 00281-0205-55
# Surgilube® Laminate Tubes

**4.25oz (120.49gm) - flip top cap**

The foil laminated tube provides a convenient free standing, flip top cap that enables single handed use; excellent for physician office, OBGYN, urology and long-term care. NDC #: 00281-0205-37

3gm foilpac®

In 1961, the concept of “single use” changed the mindset of the medical community when the FoilPac® was released; today, more than 50 years later, that concept is now the standard. Reducing cross contamination is the number one focus of all health systems and Surgilube leads the way with the introduction of the single use concept. NDC #: 00281-0205-43
